The Story:

Generally wasn't intending on visiting but saw a picture on the twitter page saying walk ins okay for meet and greets.. her figure caught my eye and I thought well the blurry face causes mystery ... why not go and see if it's something that may be worth my while.

So she came in - did a little cat walk for me turned around and asked so what do you think with a lovely smile!

I said I think I'm about to make a good choice lol

Very good OWO - extremely involved. A lot of effort

My turn, she was very responsive and totally involved to say the least :)

She asked if I wanted to go inside and it was very very blissful

Multiple positions finishing in boggy

(Gave her head in that position - she pleaded for me to slip it in as she was nearing a trembling euphoria)

I happily obliged and eventually bust my load.

Violet ... thanks for the experience! It definitely was a good decision to meet and bond with your Canadian beautiful self. Till the next time hopefully that nose piercing heals well lol.
