The Premises:

Discreet building. Parking is available on the side of the road. Cleanliness needs to be improved, chewing gum was stuck to a shower gel bottle in the shower.

Don't know about the downstairs shower but the upstairs shower is terrible. Heat adjusting is broken. Only works on eco mod where only a weak small spray of water comes out. The room the massage took place in was clean, the huge airbed made it difficult to move around on and made this loud scrunching sound the whole massage.

The Lady:

Katrina looks like she is about 23-24.

Her body looks like in the pictures, but in person her attractive face and body tattoos made her look even better than the photos.

She is Polish, her accent is very smooth and sexy.

Very kind and easy to talk to.

The Story:

Katrina was incredible. I was quite nervous beforehand but I was quickly put at ease. She is a very kind and easy to talk to. Her techniques with her hands were amazing. I'm quite slim myself so Katrina's slim body was perfect for me. My only issue was my own fault, I took Viagra beforehand which just made it very difficult to reach an orgasm. Katrina's hands at the end normally would have finished me off in a few minutes, so I won't be taking Viagra again.

Finished off with the assisted shower. The shower facilities are terrible, spent 10 mins trying to get the temperature right.

To summarize, the facilities need to be improved, but Katrina made it more than worth it, left feeling very relaxed and energised.
