The Premises:

A private flat in a quiet road about a 10 minute walk from Eltham station.

The Lady:

A peroxide blonde girl, mid 20s slim with A cup breasts.

The Story:

Good and Bad experience. Bad, because the girl profiled was allegedly "busy". I dropped my intended 30 minutes accordingly, but I should have just walked. Not only was it a different girl, she just wanted me in and out without any attempt to stimulate me. She actually asked me to put the condom on. She also didn't want to remove her bra, but she was quite flat chested so it didn't bother me. I just took her from behind and with her permission removed the condom and blew my load over her pert bum. She kept asking me if I was OK, but even if I had said no it wouldn't have mattered.

The Good? This used to be a good location, but now it is a rip off place. I have fallen for the con twice and will never return.
