The Premises:

Typical room in a reasonable 4 star hotel. Comfortable double bed, perfectly functional shower. Chair I could be restrained in!

The Lady:

Annabelle is exceptionally attractive. She has short hair, a few tattoos and a very pretty face with a clear complexion. When she speaks she has a lilting welsh accent which I really liked and she gives a (very) strong impression that she is having fun (even during an encounter with someone twice her age!). This did give the meeting a very positive tone. Her photos give a good idea of her body. If you are after "heroin chic" she is not the girl for you but she is most definitely someone I personally would have fancied and very likely fallen for in my prime. Her deep french kissing is really something else and something I have only experienced a few times...

The Story:

This was a duo meet with 2 girls I have met before quite a few times. I had met Annabelle Evans several times previously, both one to one and in duos . The other girl in this meeting was another regular also called Annabelle - Annabelle Harper (she has an AW profile but no profile on here yet but I have suggested she get one. As this is a review of Annabelle Evans I will not say too much Annabelle Harper in case I want to review her in future except that she is a regular for a reason ..) So this was mild BDSM role-play , all discussed with safe words etc., and it went like this: I went in the shower prior to my "date" with Annabelle and when I came out fresh as a daisy found both girls looking at my phone (this was my punting phone and prearranged and all part of the role play) in (feigned) alarm and anger. It turned out that there were looking at compromising photos of them both on my phone (for the purpose of the role play "taken by me surreptitiously" but in actual fact I had just pre-loaded the web pages with their picture galleries in my web browser on my punting phone). Clearly I had some explaining to do! Unfortunately my explanations were not very convincing! I needed to be punished! I was tied to a chair with a ball gag, erect cock on display, while they stripped each other naked and pleased each other and displayed themselves to me while I was forced to watch unable to take any part except that of a voyeur, Fortunately for me one of the Annabelles decided after about 20 minutes that I had suffered enough for my misdemeanours so I was untied and had oral (uncovered), deep french kissing and protected vaginal sex with both of them. I finished myself off gonzo porn style by ejaculating over their pressed together breasts.

I have to say that prior to this I have had several extremely vanilla meets with Annabelle (Evans) so while she can definitely do this sort of BDSM/role play very well she also excels at one-to-one vanilla/GFE meets and as I said, her french kissing is deep and passionate. Definitely a keeper!
