The Premises:

Hush is located just off a main road in a suburb of Nottingham, the entrance is a discrete door on a side street, it does face a pub with some windows, there is no signage to say what the door is for it looks like an entrance to the flats above the shops. After entering there is another door with an intercom. I was buzzed in and made the ascent to the lobby, I was greeted by a lady in lingerie and was asked to take a seat (I was slightly early), I was asked then to enter a side room while other clients left.

The lobby is clean and has some nice furniture and canvases on the walls.

The massage room, is large, with a comfortable massage bed in the middle with lots of mirrors around the room.

There is a large shower, which I was asked if I wanted to use.

The Lady:

The 1st of the ladies that entered the room was Jess. She was wearing a black beauticians tunic, black stockings and heels. She asked me how I was. Jess is around 5'8 her black hair was neatly pulled up on top of her head and she was wearing red lipstick.

Pixie came into the room second her, blond hair was cutely pulled up, her hair is longer than Jess and was nicely arranged. She also was wearing a black tunic, stockings and heels. Pixie was wearing pink lipstick.

Both ladies were in their early twenties. Jess and Pixie have amazing smiles and eyes that tease you.

They also have amazing slim bodies, Pixie has some tattoos.

The Story:

As I mentioned above, Jess was the 1st to enter the room after I showered. I handed her a pair of long gloves, I had asked if they would be willing to wear evening gloves while she was showing me the shower, Jess had said "yes sure, anything else?" I had no other requirements they seem to be accommodating.

Jess pulled on the white opera gloves I had handed her, she commented she had not worn long gloves like these before. Pixie came into the room and immediately commented on the gloves and I passed her a short pair of Lurex gloves (these are quite rough feeling, to make a nice contrast) She pulled them on, as Jess removed her tunic to leave her completely naked apart from the gloves and stockings. She is slim and has a nice ass and very nice pert breasts. I was asked to lay on my front on the massage bed. I removed my towel and hopped on as Pixie was removing her Tunic to reveal a black body stocking.

They got to work, Pixie initially on my legs and thighs, and Jess on my head, neck and upper body. I had declined oil due to the gloves, the silky nature of the gloves works well for a massage anyhow. A few mins in a Pixie was also naked. She has a very slim body and a nipple piercing.

They made small talk, also asking me about the gloves and they also stroked each other to see how the gloves felt.

The mirrors work wonders being able to see them both work on me, was erotic as it was feeling, They swapped positions a couple of times and they are both highly skilled at what they do, they both have great technique. I was asked to turn on to my back and if I wanted to leave the gloves on, I said I did. Again they are both highly skilled and work a real magic with their hands.

Afterwards I was asked if wanted to shower, which I did. They then met me in the lobby when I had gotten changed.

Both Pixie and Jess are very friendly, they both have amazing smiles and I would very happily go see them again.
