The Lady:

black hair brown eyes and all over tan. Very pretty, perfectly proportioned body with enhanced C breasts.

The Story:

Arrived early had a shower. She came into the room in a black dress. We sorted out the money and she put a fresh towel on the bed. No real interaction until this point. Got out two condoms and then put one on my flaccid cock and preceded to try and get the chap up. There was no connection whatsoever so took a while. Eventually the chap was ready to go. She climbed on top and bounced around for 5 minutes, she didn't like her nipples played with or breasts fondled. She then brightly said how about doggy. Did this for ten minutes. I asked for sex in mish and brought her knees to her chest (this to probably reduce physical contact). This was poor as I was told not to go too deep gave up on this and tried doggy again. The fake moaning had stopped by then. After this tried to suck my cock with condom still on and then started wanking me to finish me off. Asked for 69 and got a raised finger mid blow job which obviously meant no. Her services seemed reasonable which is why I took a chance with her. If you want to fuck a very pretty inanimate object, then go for it. I will not be visiting her again. There are some excellent escorts at this establishment and they offer an excellent service and value for money.

She should consider being a cam girl, no physical contact and she is very pretty.
