### The Premises:

A private first floor flat in a discreet block. There were very few people around when I arrived. It was a 5 minute walk from Aldgate East tube station.

### The Lady:

Absolutely zero like the girl pictured on the profile. The girl I saw was a dark haired, Hispanic girl. She was a dress size 12/14 with very large, firm and natural breasts. She was wearing a red basque.

### The Story:

Despite me turning up and being made to wait 30 minutes because I was late (I wasn't) it turned out to be very good. While undressing my eyes were drawn to her big breasts. They were bursting out of her basque and her large areolas were visible. This was a massage/relief service performed on a massage table. The massage began with hot oil being massaged into my back. Background music was playing. It was piano music with the sound of rain falling. I was glad I didn't need the toilet! The massage was really relaxing particularly on my calf muscles and the soles of my feet. She even massaged my temples and scalp. When I turned over she massaged my chest. At no point was there any direct stimulation to get me aroused. Fortunately the big boobs helped there. She then began the relief and I managed to scoop her breasts out and give them a squeeze before exploding.

At no point was the different massages discussed. I would guess she would have removed the basque for a higher fee.
