The Premises:

Discrete building in central Milton Keynes with good parking nearby. Flat was well kept and clean. Very nice location...one of the best I have been to.

The Lady:

Very petite, under 5' tall, and slim but not too skinny. Nice curves with perky breasts. Long red hair, ultra manicured nails. She has a very pretty face and a lovely smile.

The Story:

Had a wonderful time with Bunny. Called a couple of days earlier to book the appointment, then followed it up immediately with an email. I requested that she wear stockings and a suspender belt but no high heels, as I wanted to see her natural height. I never received confirmation of the request, and when I asked about it with the booker on the day of the appointment, they had no idea what I was talking about. They said they would pass the request on to Bunny, but they did not do so, as she arrived in the room looking beautiful, but not wearing the requested stockings...and also wearing high heels.

Honestly though, that is the only thing negative about this experience. She took the heels off when I requested without hesitation. After that, I asked her to undress me...this is a turn on for me...but I also get very nervous at the beginning of appointments, and this was a way for me to avoid trying to unbutton my shirt as my hands were shaking. She complied, and then started kissing my body as she did so. Down came the underwear and the kissing began. She is a lovely kisser...not too light...not too deep. She asked if I wanted oral without cover, quickly cleaned me up/inspected me with some body wipes, then proceeded to deliver a very nice blowjob. She allowed me to hold her hair and guide her a bit in terms of speed and depth, but I would say she maintained overall control, which I did not mind. If I saw her regularly, and we were more familiar with each other, I have the feeling she would have let go a bit more.

We then got onto the bed and made out a bit more. She took my cock into her hand, and it was amazing to see how large it looked in her tiny hands. I am not super well hung, but I looked humongous when she was stroking it. That got me hard enough that I wanted to start fucking her.

She covered me up, then we did it doggy, and it did not take long for me to explode. She is so small she was super tight, and I tried not to blow too soon, but too no avail.

She is a lovely girl and this was a very pleasant punt, despite the communication mishaps regarding my request. I have to recommend her, although I would rather keep her all to myself. After a bit of clean up we lounged on the bet chatting as we still had 20 minutes to go. Very good conversationalist, and just the right of touching and kissing here and there to make it a true GFE.
