The Premises:

Nice apartment in Earls Court. Easy to find, quiet street. Apartment was nice and large inside, very comfortable. Straight into a bedroom that's large, with a large bed in the centre, nicely decorated. Good showering facilities. All clean and tidy and top notch.

The Lady:

Bijou is exactly like her pictures, and this was very pleasing indeed. She's in her early twenties and incredibly beautiful. She has a smile to die for and beautiful eyes. There's no surprise that she's a model. Her body is slim and all natural. She had clearly made a lot of effort and looked amazing. She speaks pretty good English, although it's not perfect. She makes up for it with an app on her phone and is eager to learn more. A very bright and sexy young woman.

The Story:

Bijou was wearing a bra and panties underneath a floor length see through gown, with heels. Her hair was down and looked marvellous. She has a wonderful smile right from the start. This is a really genuine, sexy girl. She greeted me with a very passionate kiss and invited me to shower whilst she put on some music.

On my return we had a little flirtatious caressing. She is quite tall, so in her heels I was able to reach around behind her whilst kissing her and grab a handful of her ass and run my fingers between her legs to stroke her pussy through her knickers. She seemed to like this a lot and got quite wet and excited. It wasn't long before she popped my towel off and got down on her knees, after slipping off her heels and taking off her bra. She has lovely tit, all natural and just the right size.

She sucked me off eagerly, and is able to take quite a lot in her mouth. She has a very good technique and seems to enjoy giving head quite a lot. She certainly enjoyed the pleasure it was giving me anyway. It wasn't long before I felt as though I may well shoot my lot if she carried on doing what she was doing, so I elected to get onto the bed and get better acquainted. I got on top of her and we kissed a lot more. She started playing with her pussy too, fingering herself and kissing my neck. Rubbing my dick against her pussy, getting ready to fuck. She brought out a condom and slipped it on with ease, then we were screwing. It all seemed very natural and effortless. No awkwardness at all, like I was fucking my girlfriend.

I felt very close to Bijou, and sex was incredibly natural. Lots of kissing. It was slow and comfortable and she seemed to respond very well to this. She came pretty soon into our session, and it's worth noting that Bijou is quite "vocal" when she climaxes. I'm pretty sure it's genuine, it certainly seemed like it to me, and she was soaking wet. I turned her over for a while too, just to get a look at that great ass, and the fact that it's my favourite position. I usually finish here, or at least up to the point before finishing with oral, but I had to look into her eyes again, so I turned her over. She was close again and so too was I. This was where she got really vocal and we started to naturally speed things up together, to a crashing orgasm at the end. Probably one of the best I've had in this position. With us both sweating, she claimed that we came together. How much of that is true I'm not sure, but I didn't care at the time. This is a very sexy young woman, make no mistake about it.

We were at it for quite a while actually, but the time left at the end was well used with some chatting about our interests. She has an interest in poetry like myself and she even recited some of her own in Russian. She spoke it without reading it, straight from her head, and she spoke so passionately, with such expression, laughter and sincerity that I was thoroughly engaged. To see her naked, kneeling above me, reciting her own poetry in Russian in this way, was my money's worth alone. The language barrier just didn't seem to matter. What a woman. She will do very well indeed. I think she's here for a couple more weeks then back again in April. Make a point of seeing her, you won't regret it!
