The Premises:

Annie lives in a nice apartment, not far from South Kensington tube station. It's in a very unsuspecting spot and quite private really. Comfortable inside, with a nice cosy room. Showers were fine etc. and no problems at all. I think she may have moved now though at the time of writing this review, because the website now reads Earls Court.

The Lady:

Annie looks a lot like her pictures, but not exactly. I would say they are probably old images, and they have had a little touching up. I actually think that she looks better in person, and she's slimmer in person than in her pictures. She's typical Thai, petite and dainty. She has a natural body, with nice natural boobs too, unlike many Thai escort. Her English is not good, but it's perfectly acceptable and she can still communicate well and have a laugh. A lovely girl.

The Story:

Annie was wearing a nice all in one red lingerie thing, hard to describe, but it was lovely. She kissed me and caressed me straight away and helped me remove my clothes and took me to the shower. Afterwards we wasted no time at all. She's very passionate and very hot for sex. She got on her knees immediately and sucked my cock nice and hard, and pretty deep too. I caressed her ass and grabbed her boobs whilst she did it. I stood after a while and she kept on sucking, making my knees go quite weak. I ended up literally picking her up and tossing her on the bed to screw her. We were ready in seconds and entering her was like a warm glove gripping my dick. She felt lovely. We fucked for a while in missionary and she came just before I turned her over and did her from behind for a while. The great thing about these Thai girls (good ones) is that you can move them around easily! LOL!

As I was going to finish I pulled out and she instinctively moved to the end of the bed to find me jerking off frantically. I held her head close to my cock and she opened her mouth and stuck out her tongue, making some very nice noises, waiting for my load. She greedily took it all into her mouth, and my cock too. Sucked me until I almost fell over. She smiled and excused herself to clean up.

When she returned it was massage time (I love this about these girls, you get so much for your

money!) She gave me a lovely massage, probably one of the best I've had from a Thai escort. Legs, back, shoulders and neck. Then she turned me over and massaged my legs and feet, pressing on my hips and making me feel great. My cock started to twitch again, which is not usual for me these days, and she asked if I wanted to cum again. I had no idea about the time, and I didn't have faith that it would happen, but I said sure. She took me into her mouth once more and sucked and licked me nice and slow, before speeding up by pushing down on the bed to get the movement going up and down into her mouth. It was so hot. She made me cum again into her mouth, and it was earth shattering. I slept very well that night.

Brief chat with Annie before I left and I helped her connect to the Wi-Fi too, so she was very appreciative. Hell, she earned it!
