The Premises:

This parlour is just off the old A5 as it runs through Telford. I like that you turn down a little drive and can park off road either in front or behind the cottage.

The greeting is extremely friendly which is important to me. There are comfortable waiting rooms that you can sit in and never need to bump into another customer.

The upstairs rooms are clean and nicely decorated, I particularly liked the black and silver of the room that I used.

The Lady:

Nicole has the perfect body for me, size 6, petite, around 5ft tall. Slim, with natural breasts and a shaved pussy. I was told that Nicole is from Eastern Europe and she has that lightly tanned skin that you'd expect from that part of the world. Lovely long brunette hair, tied in a pony tail. She looked exactly like the photos on the website.

The Story:

There were so many things that I liked about Nicole. First she was polite, cute and friendly. She put me at ease and we got the financials out of the way. We started with Nicole using talc to massage my back and she was very gentle. I turned over, she massaged my chest then worked her way down to my cock and soon had me hard. The second thing that I liked was that I didn't have to wait to tell her what to do. I've had experiences where the girls are happy to spend the whole time massaging you if they could get away with it. She asked me if I would like a blow job, how could I refuse. She wiped the condom as apparently the lube doesn't taste good. I wouldn't know lol. She sucked me beautifully, it was a pleasure to watch as well as feel. After this we fucked in cowgirl, missionary and doggy. She didn't want me to cum over her tits, which was a shame as the white on the tan would have looked great, but hey I respect the girls.

The last thing that I particularly liked was that she stayed with me while I dressed, I never felt rushed and she also saw me out of the premises at the end.

All in all a lovely experience. I can't wait to go back.
