Very clean and nicely decorated premises although the rooms are slightly small. Shower facilities are available. From the outside looks just like any other shop in amongst all the other shops on this busy main road. Free car parking available a couple of minutes walk away also side street parking available but permit only during day

The Lady:

Very good looking with a great figure

The Story:

Contacted this parlour originally just looking for a full body massage. Looked on their website and there is no mention of any other services offered. Ordered a 4 hand full body massage for £70 for the hour and was fully enjoying this. After a few glancing touches of my balls whilst massaging inside thighs I thought I would just take a chance and started to gently caress one of the girls legs. After being asked to turn over I was asked if I wanted any body to body so asked how much and was told £80 extra for both girls. So having made the decision to go ahead both girls got naked. Both girls were willing to do reverse oral and I finished with a very happy ending. Massage was then completed and filled the rest of the hour by both girls who were both still naked. Good massage excellent service.
