The Story:

I had a truly incredibly time with this stunning woman. Pippa was incredibly sensual with her touch and embraced me passionately with kisses, she also provided me with an excellent massage which eased out the stress. When it was my turn to provide a massage i asked her to lay own upon her chest and i began to gently and slowly caress her soft silky skin with my fingers. Her skin glistened in the light of the room and was so soft to the touch it almost felt like running my fingers through the air. I especially enjoyed caressing her legs and moving to touch her delicate flower, i could see her eyes close as she began to lose herself into the bliss of my touch. It always pleases me to know a woman is enjoying herself. I suckled on her beautiful toes, normally she is very ticklish around her feet but Pippa told me i was so gentle with her that it did cause her any issue. I asked if i could taste her sweet bottom to which she accepted and may i say what an example of perfection her bottom is, anyone lucky enough to be with her must take the time i marvel at it's magnificence. I could hear soft moaning fill the air as my tongue went to work caressing her most intimate regions. When the time came to taste her flower i could see her smile in anticipation, i kissed her lips and her soft surrounding skin before gently suckling. Her breathing grew stronger, her moans louder and i could feel her muscles tense before she climaxed. She became so sensitive that when i tried to taste her sweet nectar, and boy did it taste good, she couldnt help but flinch as it was so sensitive to the touch as well as giggle with joy. Pippa next asked if she could taste me, and a gentleman doesnt refuse a lady's request. Pippa excels at oral pleasure, her warm soft lips moved up and down my shaft with such grace and care i felt lost in bliss. Stopping only briefly to kiss her again she resumed with renewed vigour and i would've climaxed but i wanted to save that for when we had taken our intimacy to the final stage. After the condm had been applied i asked for the cow girl position and so Pippa climbed aboard and i could feel her lips embrace my shaft lovingly. She felt very tight as her

inner muscles gripped me as well as creating a feeling of blissful warmth. I asked if she could ride me slowly and Pippa agreed. Our lips embraced one another time and time again as my hands wandered over her body. I began to feel close but i asked if we could try missionary and she agreed with a smile. Positioning her on the edge of the bed, with her luscious legs atop my shoulder i thrust slowly inside her. Pippa moaned and cooed with ecstasy and i could see in her eyes both bliss and beauty. With one final kiss i came inside her and for a few moments more we stayed locked in loving embrace as our lips came together once more. Before our meeting ended i asked if we could cuddle, Pippa replied that she liked the sound of that and so we did. There we lay on the bed in each other's arms holding each other's hand, sharing a few more kisses and chatting about this and that. Afterwards we hugged and said our goodbyes though i will definitely see her again. Overall i had an amazing time with a wonderful woman and i wholeheartedly recommend this blissful beauty.
