The Premises:

Her apartment was clean and minimalist. However, it was not well lit.

The Lady:

The Viva Street ad states that Amy Amazon is 43. But the woman I met looked about 55. She is about 5 feet 8 inches. She claimed to be from Hungary. Her face was not attractive. However, she did have an amazingly toned and sporty body with a lively C-cup breasts. Her arse was firm.

The Story:

As soon as I walked in to her apartment, she hugged me. Then, she took me in to her bedroom where she stated her services. I asked for G.F.E. She took the £80 into another room.

She then hugged and kissed me. Her French Kiss was as passionate as a girlfriend's might be. However, I felt she was just going through the motions as she had the eyes closed throughout.

Then, she had me on the bed. "Oral, with or without?" She asked. I said "without." So, she went at it. And she is the best at blowjobs. It was thorough and enthusiastic.

Then, she said, "Are you ready for sex?". I said "yes."

She moved to a small table and got a condom and put it on my penis. Until this moment, my cock was hard. But, when I caught a glimpse of her vagina, I felt myself losing interest! I still entered her while she lay on top. The vagina was too loose. I didn't feel a thing. So, I suggested the missionary position.

When I started to pump her, she asked to "stop." She found it painful. She said she had a back problem. So, I tried the doggy. Again, it was not great as she had no friction in the vagina.

So, she went to back to the blowjob which is her strongest area.

When the time came up, she said, "you have to go. My secretary didn't say who is coming next."

She uses another woman to take all the bookings.

During this session, I did compliment her for her breasts. She said, "They are not real. I had them done a few years ago."

As I left her apartment, I was not sure about returning. Something about her did not feel right. Her voice. Her age being 50-something. Yet, she looked so fit and masculine. It was only in the last few days, after Googling her, I found some reviews where some punters felt she might be a transsexual. But other guys think it has to be a woman. I'm not sure. I will not go back there again.

Has anyone had this experience with Amy Amazon?
