The Premises:

The Lady:

Petite and super busty. Much better than the photos. Age I think about 23-25. Brunette hair. small build. well dressed. Classy girl. Well spoken and very good communicator. Great party girl. very cute.

The Story:

Very positive energy girl and very good kisser. She stay with me some extra time and I felt was like a girlfriend. good oral but didnt have sex. Tried to book her again since then but she was not available. I can recommend her. The agency told me she is better than the photos which frankly look awful. And they were right. She is stunning.
