The Premises:

Very attractive basement flat with an nice shower zone in the bathroom. Tasteful furnishings in the bedroom. Area is Earls Court. Felt safe. Not busy with strollers so that's good.

The Lady:

Selene incarnate. Better suited to my nickname than I am. Tall, pale, willowy, beguiling, boyish, and inked. Website says 20, I guessed 22. She said I was right. There's a video on Barracuda's profile as well as photos so you can be sure.

The Story:

Elisha has been on my radar, or my telescope to continue the Selene metaphor, for some time. The choice not to reveal her body in the photos is a smart one. It makes her look both exceptional and normal, a real live woman, not just another hustling piece of ass. What you don't get from the photos is how ethereal she is. She has a poetic quality, she glides rather than steps, and the way she holds your eyes captive with her gaze...

She was my Selene and I was happy enough to be her Endymion, once we'd had a good tumble in the sack that is. She doesn't speak much English, but sufficient. Communication is done through the eyes, through playfulness, through laughter.

She let me in and poured some wine for us both, and it felt like a particular girlfriend experience - our special night, our first time, something we'd been looking forward to. She was wearing a sweater and a long skirt and heels combo: and it worked. When I came back from the shower she was down to her scanties. The sex part was very sweet and playful, and a little eccentric. Afterwards we lay in bed like a pair of lovers, too sated to smoke.

To be honest, dear reader, I came away from this feeling that Elisha ought to be discovered by a modelling agency. She has a good body for showing clothes on the runway, tall, waifish, young and dreamy, but with an edge. A fearless designer, one not afraid of the inking. Failing that, a really mature sugar-daddy, a wealthy cove who craves the tender connection with a young woman, her smiles and her laughter, her sympathetic ear. her gratitude, and maybe just a handy or a blowy once in a while. What I'm saying is you kinda want to take care of Elisha, more than you want to

fuck her brains out.

Sounds like I'm in love. I'm not. I'm just getting old.

Elisha has a good personality, sexy legs, gorgeous eyes and lips, just like the photos, and I felt comfortable with her and enjoyed the hour. I'd be pleased to see her again, someday.
