The Premises:

A modern first floor flat with discreet intercom/buzzer entry. It is only a short walk from Aldgate East tube station. It was very clean inside and there was a shower facility.

The Lady:

A bottle blonde Lithuanian girl about 5ft 4" tall. She was around a dress size 10 with firm and natural C cup breasts.

The Story:

As I walked to the address I realised I had been there a few weeks back to see a different girl. I was looking forward to the massage/relief service.

The room was modern and clean and the massage was performed on a massage table. The massage was performed with warm oil and this time it was just a sensual massage. It focused entirely on my inner thighs and underneath to stroke my balls. I didn't mind this as it was very arousing. The relief was OK, but I had to advise her how firm to grip and how fast I like it. Maybe I am too awkward! After 3 or 4 minutes I finally came and I was given a few wet wipes to clean up. I would definitely return if other girls work at the location.
