The Premises:

Flat is about a minute from Earl's Court tube station. I believe that she shares the apartment with her friend Mimi. My memory must be deserting me because I can't seem to remember much about the flat, except that it's spacious. Abby's room is a large double bedroom. The bathroom is across the hallway. There were quite a few doors to various different rooms and a longish hallway. Very easy to find, easily accessible by public transport. I was there in the early evening, so pretty safe and discreet.

The Lady:

Abby is a lovely little lady. She has a beautiful smile (and braces on her teeth). She is very cute. She claims to be in her early 20s, and I'd guess that's about right. She could easily pass for a teenager. She's quiet and reserved, slightly timid and shy, which is surprising, considering her profession. She is absolutely tiny, probably about 5 feet tall, maybe a fraction under. She's quite slim, I'd guess a dress size 6. All natural, nice soft breasts. She's similar in size and build to Sarah, for anyone who's seen her, but with natural breasts.

She has limited English, so we couldn't chat much. She has a LOT of tattoos, as per her photos. Definitely the lady in the pictures, although she's much prettier (and sweeter) in person. In the photos she looks very stern and serious and doesn't smile. She said that she doesn't look good when she smiles. I strongly disagree.

The Story:

I had a very nice time with Abby. After a lovely shared shower we adjourned to the bedroom to continue the fun. Sex in multiple positions.

I had a terrible pain in my back (my entire body was aching actually), and Abby gave me a truly extraordinary massage. One of the best I've ever had. For someone so tiny, she has literally supernatural strength. I was gobsmacked at how strong she is. I thought the massage was going to be average at best, but boy was I wrong. She really gave me the VIP treatment. Afterwards I felt like I had a brand new body. Every pain and ache had evaporated.

Abby is very small and cute as a button. She's softly spoken with a sweet natured demeanor and has an amazing smile. She's a little sweetheart and she does a phenomenal massage, which I can't

recommend highly enough.
