The Story:

This was my 2nd visit to Cherry. The first being a Great GGE, some months before. She recognized me, however things went rapidly downhill. I asked to take a shower, it was awkward to access ss climbing into bath is required. Shower taken, back into room. She makes me aware of a skin condition on her chest, I didn't have any worry regarding that, as it looked like allergic reaction and was fading. It was her lack of GFE that was awful. She put on condom immediately with her mouth, I enquired about OWO, she said next time, although on 1st appointment it was offered without hesitation. Only closed lips kissing was on offer, absolutely refusal by Cherry to French kiss (even though offered on her profile) despite covered oral, she was doing a bad hand job most of time and clearly rushing me hoping to avoid full personal. In short she's gone from being one of the best to one of the worst (in my experience anyway) Despite making management aware of complaint, they failed to contact me back regarding the booking. I definitely will not be seeing Cherry again, standards have slipped at this establishment.
