### The Premises:

Usual place by the car park. Went into a nice double room.

### The Lady:

Brunette girl from Eastern Europe. Good looking girl dressed in black lingerie. But what made Danni stand out among all the dark haired European beauties that are around in MK are her oversized titties. Large, natural puppies that sat prominently on quite a slim frame.

### The Story:

Well, I suppose I should catch up on my field reports now that I'm stuck at home! I think this was either Danni's first or second day at MKE, so she still seemed a little unsure of herself or how to proceed in the punt. Anyway, after some small talk, handed over the cash and we started kissing in front of the mirror.

My hands were running themselves all over her body, then I turned my attention to her jugs. Bra came off, turned Danni around, so we were both looking in the mirror and I treated myself to squeezing and massaging her fairly heavy boobs. Then sat down on the bed and got Danni to sit astride me, so I could have a good luck suck on those beauties.

The rest of the punt was fairly standard. Good owo with Danni going at right angles across the bed and then cowgirl and doggy sessions to finish. Naturally, had to admire those boobs bouncing around like a couple of birthday balloons on a windy day!!

Danni is a good addition to the MK scene and would recommend.

p.s. saw another new girl on the way out..... Antonia. Very nice!! Almost got another bulge in my trousers walking down the stairs!!
