### The Premises:

Typical white 4-5 storey Edwardian property 2 minutes from Lancaster Gate tube, 5 minutes from Paddington. Basement flat, very, very well decorated - luxurious. I parked 50 metres away on metered parking although hourly charge quite expensive.

### The Lady:

Hannah is approx. 5'3" glamorous, beautifully tanned body, cascading hair and an exceptionally beautiful face. Not one photo on the website reflects how attractive she is - the closest possibly being the selfie with the red phone, where she is kneeling on the floor. When you book, she tends to send a photo or selfie as a teaser.

### The Story:

The fee I paid (£350 2 hours) was for the PSE rather than GFE (£300 2 hours). The meeting was very easy to arrange, she replied very quickly to my messages in a very friendly personable way.

The door opened as I approached and a beaming smile greeted me on this pocket size, stunningly gorgeous bundle of fun. Hannah facially is truly beautiful – I have looked at every one of her profile pictures since and not one of them reflects (or even shows) her true beauty. With her hair tied back you see how classically beautiful she is. I say pocket size, I guess 5'3"ish - she was very easy for me to pick up and carry. She has toned, tanned firm legs and a beautiful rear, it's difficult to keep your hands off her body. At this point it was maybe too early to tell if there was any chemistry, but she hugged and kissed me straightaway and didn't seem to want to let go.

Hannah was wearing a red lace, revealing bodysuit, but the first thing that strikes you is her happy personality, she genuinely seemed so happy and excited to see me. She continued like this throughout the meeting. Hannah is tactile from the word go, DFK is something that she knew I wanted and she admitted that she loves kissing – that became clearer and clearer. I handed over the money, it was nice to see that she accepted it wearing a latex glove (for hygiene purposes in the current climate). Obviously we're all vulnerable, but knowing that she was being as careful as possible offered a little reassurance.

Hannah has been a model back in Brazil – she showed me some amazing photos. She speaks excellent English and is intelligent and interesting to talk to - if you have time! A very driven, focussed young lady.

I requested a shower and was given a fresh towel. The en-suite bathroom is very modern and immaculately clean. Returning to the bedroom Hannah was all over me. I struggle to imagine that she is not enjoying herself as she constantly moves from one position to another suggesting different options asking what I want whilst kissing for the remainder of the time. You are not allowed to escape from sex in one position or another for more than a few minutes. We went seamlessly through many positions CG, RCG, miss, her feet on my shoulders, spoons, etc. In doggy she turns round making eye contact with a mischievous look in her eye. She really seems to enjoy OWO and her tongue ventures everywhere. She was always very turned on when having her nipples kissed and sucked. Regarding CIM, I don't know if this was a service or not, but she had her tongue out waiting for it (although the timing wasn't right and it didn't happen). Towards the end she took me by my hand and led me to the bathroom and bent over the bath – she looked at me in the mirror in front of her and squealed with excitement as we went at it for several minutes. Such a beautiful sight – me behind her and me looking at her face in the mirror with her mischievous eyes looking up at me. Sometimes I struggle to lead, but Hannah's enthusiasm to change position, try in front of mirror etc avoided any potential awkwardness.

Hannah loves passionate hugging, kissing and is relentless in her pursuit of enjoyable sex. She let my fingers do whatever I wanted and seemed greatly turned on with them inside her. At the beginning of the meeting (and the end) there was plenty of OWO and Hannah uses her tongue all over your body in such a teasing way. I have a vivid memory of her kneeling in front of me waiting expectantly. But my clearest memory of the time I spent with Hannah is that in whichever single position and entanglement into which we found ourselves she always had a smile on her face and appeared to be enjoying herself. She makes eye contact throughout and has mesmerising eyes.

She is unfailingly happy and full of smiles with a genuine, natural sense of humour. Every so often we stopped for a chat (I accept not everyone cares about chatting to a lady, but I do). She is very interested and very open about her life, she seems focussed on what she wants in life and she will definitely enjoy life to the full and achieve her ambitions. Consequently it was very interesting for me to get to know her a little bit and was all I could ask for in such a meeting.

In short Hannah was a wonderful hostess, refreshingly open, open minded, desperate to please and desperate for some enjoyable sex and is as fit as anyone - such passion, such fun, and a fantastic friendly personality. After our meeting she sent a couple of flattering texts – she ought to work in sales!

It is now 3 weeks since the meeting and I am still of the belief that whilst she remains in London there would be no point in seeing anybody else and settling for second best.

I believe she is in London for another 6 months - obviously could easily change. Would I recommend - DEFINITELY.
