The Premises:

This was a dinner date so I did not visit her apartment. Pippa has recently moved and I'm sure her new place will be as nice as her previous one, which I did visit on another occasion.

The Lady:

Every inch a lady, very smartly dressed, you'd be very happy to be seen out with Pippa on your arm. Her photos hide her face but she's gorgeous, you won't regret a decision to meet her.

The Story:

We had dinner and then went back to my hotel.

Pippa is fun to be with, highly intelligent and remembered details about me, even though it had been over two years since we'd last met. Impressive and charming.

I won't go into much detail, it's not my style and she deserves to be treated like the lady she most certainly is, a woman who loves her work and is very, very good at it.

Let's just say she loves giving and receiving oral, is skilled and passionate in the bedroom and leave it at that!

I will definitely be seeing her again when the opportunity arises.
