The Story:

Thought I would type reviews for some previous encounters - I think I got the date right but it was some time ago.

Simona's tweets caught my eye and decided to book her for an hour.

Upon arrival I was glad I did when she knocked in the door and walked into the room wearing a very low cut black one piece - so low cut when she bent over her breasts fell out prompting a few giggles from her.

Paperwork sorted and we were soon naked on the bed.

No DFK but some kissing and cuddles before I offered to go down on her with her sat on my face. She tasted so sweet and I could have spent the hour here quite happily.

She then climbed off and offered to repay the favour with (covered) bj. She was fantastic at this with great slow the unique and lots of eye contact. I would have preferred owo but still managed to cum due to her great skills.

Some more skiing and cuddles and a brief chat about ourselves before I started to few hard again and she climbed on top and rose me cowgirl.

Usually I like to change positions but the sight of her riding me was fantastic with her leaning forwards next to my face and back up again so I could admire and play with her ample breasts.

A hand job to finish and another brief chat and the time was up.

Shame she has moved on - a very enjoyable hour which I would have happily seen her again
