The Story:

My experience with Andie was totally opposite to others that I have read on here. I won't go into graphic details but the Andie offered the barest minimum of services without any enthusiasm. I felt that she was just going through the motions and wanted to finish things as quickly as possible. Worst escort I have ever experienced .

I'm so frustrated with service provided and So disappointed with Andie.

Would I recommend her? Absolutely not, just a waste of money and time This was a rushed, uneventful, terrible experience.
