### The Premises:

A back street on the outskirts of Nottingham , run down and filthy . Would not feel safe after dark visiting this location .

The house itself looked disused from outside , the toilet and shower where in dire need of refurbishment, although it would have helped if the toilet had been flushed .

The bedroom itself , Was clean , and very brightly decorated .

A few toys on one side and a table covered in condoms .

### The Lady:

Tall at 5 foot 10 , and even taller with heels on , dark hair And a face that could be pretty if she smiled . Photos of her are fairly well disguised , but genuine , although her tits are larger than they seem in the pictures .

Discussed on the phone how I would like her dressed , , although she managed white stockings as requested , absolutely nothing else was done .

### The Story:

I should have not bothered as soon as she called me “sweety” on the phone , an annoyance that she continued with all through . I had requested a shower , the only thing available was heavily scented shower gel to wash with .

Asked about paperwork straight away ( not an issue as such) but I pointed out I had handed her £100, expecting £10 back , never materialised . Does not kiss at all not even a peck on the cheek . ( my fault I missed that on her description) I had wanted a 2 girl but her partner not available keeps letting her down .

Just a bad punt from start to finish , asked for 69 she sat on my face and tried to suffocate me , then claimed she couldn't suck my cock like tgat as it doesn't work that way .

Went to lick my finger to lube her clit a little , can't do that , but I can lick to my hearts content .

Everything being done in a hurry , trying to wank me off rapidly to get the job done . Was still out of there in 40 minutes that's including the shower ( I normally take the full hour and a bit more )

Steer clear .
