The Premises:

The place has very noisy and nosey neighbors lots of curtains twitching and I think they have a fair idea that this is a working girls place she didn't inform me that I would have the walk of shame to contend with,

Phoned and confirmed I had the right place and told just to come to the door will give her that wasn't left to long on the step with the neighborhood looking at me but long enough not to want to do it again.

The Lady:

Slim and nearly like the photos on the page but I think the photos are old or photo shopped..plus there wasn't much light in the kitchen just the subunit lighting..so can't really say but I would say definitely older than profile stated age plus bad tattoos.(Faded and rough..)

The Story:

Well after being let in straight in to the kitchen and asked if I wanted a coffee well being the gentleman I say yes and she makes it I'm thinking ok 5 minutes chat but no she cracks straight in to the full agony aunt session all about the boyfriend and how's she's doing the house up and punters and her regs and then fifty questions about where I had been and who with all the while knocking back the baileys like it's going out of fashion (alarm bells should of kicked in by then but hay ho) , I'm thinking she's just making sure there's no need to worry

Well we're now half way through and I'm starting to think come on when do we get to the fun ,, Well silly me when I ask is the question ING over I get the I like to get to know someone... When I asked so no fun time I get told a definite NO

And also told she has security if I don't pay up so basically 150 quid to be a agony aunt for a semi drunk brass ..

When I pointed this out I was told In a stream of four letter words to go fourth and multiply ..

So to sum up

Not a nice evening or experience .

Neighbors definitely know she's on the game ..

Profile says she did everything and even confirmed on the phone with her

Think she's a panhandler and has no intention of giving the service she promotes..

And when questioned calls for her security (as I was leaving did see two large lumps heading in

that direction)

So to finish she's older than stated and a con artist ..and wouldn't advise anyone to see her...not unless you have money to waste ..

Plus looking at the reviews on the profile I'm thinking (paid for or mates posting for mates ..)
