The Premises:

Extremely convenient location within a 5 minute walk from the Birmingham New Street station. She is working from a very decent, big apartment building. Finding her apartment is a very tricky thing as floor plan is very complicated. You need to follow the exact instructions sent out by the maid/receptionist.

The Lady:

One word. Stunning. When I visited even her AW profile had not been verified (i know I took a risk) but my gut feeling said this can't be fake. Much better looking than the profile pic in flesh. Stated age 18 is highly likely accurate. Cannot be more than 20 for sure. She is petite and so neat and tidy everywhere. Cannot fault with the looks honestly. However, she does not come across as someone who is very friendly and chatty. From the few sentences she spoke was sufficient for me to gauge her language skills which are near native speaker level. But she deliberately hides this and pretends as if she cannot speak much English.

The Story:

Since I certainly liked what I saw, I didn't think twice before deciding to stay, even though I was all so well prepared in case this turned out to be B&S, which is highly likely with an unverified profile. I am a polite punter and by no means having a rude and condescending attitude, especially to a young girl like her. Despite all my efforts to be friendly, she remained (or tried to remain) business like from the moment I stepped in. Asked me how long, I said 30 mins. I shoed her the SMS with services and rates and confirmed that she does OWO/ kissing and allow locking (exactly as I received from whoever does the comms). and offered shower which I took (even though I was clean like a whistle having showered and perfumed myself at home) .

Fresh towel offered I took a quick shower in the well equipped bathroom. (It was quite wet, probably she had just used it)

As soon as I returned to the bedroom, she came back fully naked and I thought WOW.. what a sight! She looked really attractive and perfect to my taste. Anyway, seconds within my return she asked me to ' lie down' I was wondering for what? Probably she wanted to rubber up and start the action immediately. I would not have the arse to pay £80 to get a P&D which I could have for less that half the price elsewhere. Her maid/receptionist certainly confirmed that Deby is GFE which is why I decided to take it. Any way standing we snog for a while and I tried to kiss her on the lips. She was okay with it but not so enthusiastic so I got the message. I kept touching her body and she ran her finger on my chest but still no smile in the face. I tried having small talk while this was going on ,

but the response was a mere giggle. I am very convinced that her English is very good (both comprehension and speaking) but probably due to restrictions/advice from her boss, she remained as quiet as possible) I slowly touched her pussy and to my surprise it was quite wet, which was certainly a very good sign. She paid some attention to my cock using some weird hand job movement. We were on the job for about 5 mins when she reminded agin to lie in the bed. God knows for what!

I asked her to lie instead and then tried to lick her pussy. With all my smooth and unrushed movements, she was looking puzzled as if wondering what is going on. When I tried to lick she said, no locking . Are you serious? What the hell did that woman who did comms say then? This is not a cheap £60 punt .. but looks like I have paid a premium price for a shitty service.

Then I asked her to give me blow job. She reached for a condom and I asked , you said owo.. she said with condom.. This act itself is strong enough to make me call her a CLASSIC LIAR!!! So she did very messy OW for about 1 min and then tried to lube up. At this point I was rock hard and knew starting the main course now would mean end of punt in 15 mins.. SO i tried to suck her boobs but she suddenly worked up and said no, you have 10 minutes.. Of course that is a lie.. I had at least 25 minutes left and I generally have a good sense of time due to the field I work in. Her remark made the little guy go limp and it never recovered. She became impatient and said no time left and left the bed. I got the message and she kinda noticed the change in my facial expression. I can tell you that she is not the kind of stupid WG you come across on a daily basis. She looked educated so I have no sympathy for her behaviour, as she did not honour the money's worth .

For the first time in life, I exited a sex act without cuming. In and out of the apartment was barely 15 minutes.

She has quoted a relatively higher price compared to other Hungarian WGs and there is absolutely nothing special about her attitude or service. The only positive is she is genuinely young and attractive. She is far from GFE even though I sensed a lot of potential within her to become a great GFE. She kind of deliberately distances herself from that GFE persona, probably due to reasons we cannot see. Do not think she is shy or inexperienced as such.. she seemed to know the tactics of the game. Not the most innocent GND..

Ideal P&D but certainly not at £140 per hour...
