The Premises:

Luxurious apartment in Central London, short walk from Gloucester Road Station. Flat was clean. Shower a bit tricky to operate but ok when you get the hang of it. I prefer a stable shower like that rather than a bathtub.

The Lady:

Smallish but well proportioned lady from the Czech Republic. Speaks good English and has a lovely accent. Dark hair, very good looking. Age maybe late 20s, early 30s, fresh faced so hard to tell.

The Story:

With the lockdown easing I contacted Eve and was delighted to hear that she was now available again. She offered me her old price for 3 hours which included tantric massage and nuru massage. I had a soapy shower before we began so I would be safe for her to touch. Round 1 was her tantric massage. She is a skilled masseuse with a great technique and provided a great atmosphere with incense and atmospheric music. She allowed me to repay the compliment and massage her before finishing me off skillfully with BBBJ then her hands.

We then had a chat and caught up over a glass or 2 of sparkling wine and after that we had a shared shower together. Then it was round 2 the nuru massage. She is small woman suited to giving a nuru massage and she has nice breasts for her size which she uses to massage me along with her hands to great effect. My body felt like a garden of delights, a garden of Eden. She made my serpent stand up and sucked on my forbidden fruit with a skillful BBBJ before finishing me off.

It was almost a shame to become aware that I was naked, so I had to shower and get dressed before going back to the outside world.
