### The Premises:

House near the end of a close in residential area. When you book you get the post code, road name and told where to park. Then, when you arrive you are given directions to find a garden, gate which is opened and you are greeted by Debbie. The massage room is in a wooden building at the end of the garden. The cabin is warm and inviting with a massage table in it a few mirrors and soft music

### The Lady:

Although the website says Debbie is in her 40's, she is much older, but still has a nice looking mature body, nice natural breasts, trimmed pussy and shoulder length hair. She has a very pleasant manner and puts you at ease quickly.

### The Story:

Debbie greeted me at the gate in a long dress but was naked underneath. She took me to the cabin nearby where she removed her dress and tied back her hair (would have preferred if she had left it down). I offered the money up front but she said to pay at the end. I undressed and then laid on the table face down. She got to work straight away with gentle but firm hand movements all over the body. The oil was really nice and her touch was relaxing. We talked about different things as she moved around the table massaging various areas, repeatedly running her fingers between my arse cheeks and around my balls.

After a thorough oiling, she asked me to turn over where she did the same to my front, rubbing the her body against me. I fondled her tits and stroked her arse and when she started to concentrate on my cock, I slipped my hand between her legs and played with her pussy.

Her hand action was really nice and it wasn't long before I had to shoot my load, which she directed over me rather than on her body.

She cleaned me up and wiped me down with a towel to remove the oil. I then dressed and paid her the money. The hour was almost up and I didn't feel at all rushed. I think her timing was spot on, but I would have liked to have played with her pussy a for longer before coming as she was starting to get wet.

Even though the website calls it an erotic nude massage and states sex is not provided, it does

imply that there is some flexibility to suit your own requirements. Although the hand relief is a given, I wonder if you became a regular whether or not things could become a bit more intimate?? Maybe a bit of oral both ways would be nice.

All in all a nice change to the usual foreign escort where you come away feeling rushed and cheated out of your money
