Purpose built building on an industrial estate. All lit up and clear what it is but in the middle of an industrial estate at night nobody around.

The Lady:

Gorgeous black/mixed race girl - the sexiest body you can imagine. Tiny waste nice pert round ass and breasts. Pretty face with big eyes and sexy full lips.

The Story:

I had met Paris a couple of times before at other visits to this place. Once chatting to her whilst playing pool with Maya in between a couple of sessions with sexy Chelsea who used to work there, the second time was after a session with another lady, I was about to leave when Paris walked in, we had a chat and she suggested we get me going again, I got the cash out of the onsite machine but then I genuinely recieved a text meaning I had to go. They must hear that excuse all the time but this was true.

Next time I knew I had to see her.

The actual visit was after a few drinks in Leeds which I don't normally do before a punt, when I saw Paris was there I went straight to her. In the room we stripped down together and kissed. I could grope that perfect ass forever!

Paris gave me an amazing BJ in between putting my hard cock between her breasts. I told her she would make me cum quick and she said "oh you should've said" and excitedly jumped up, grabbed a rubber slipped it on and straddled my cock. This girl screws with passion - I looked up at the mirrored ceiling to see this beauty writhing around on my cock, she saw me looking and looked up at the mirror over her shoulder which was one of the best views ever. We also did wonderful doggy and spoons. Because of the drinks I can't remember if I came once or twice but I remember her giving me a lovely massage as we chatted.

When it was time to go Paris made doubly sure I hadn't left any belongings and kissed me out the door.

Paris is great company and despite my being boozier than normal made me feel she enjoyed being with me. I'll see her again soon.
