The Premises:

Shared flat in Bethnal Green. Safe, easy to find. Parking available nearby and it's not far from either station.

The room was perfectly pleasant with a good mirror. Light and airy, which was nice.

Communication beforehand was smooth and easy.

The Lady:

Tall, slim lady in her mid-thirties. Genuinely pretty, with elegant make up and jewellery and a fabulous body. Photos are accurate. She was wearing a dress as I requested and looked amazing.

The Story:

Given the shortness of her dress, following her long legs and very erotic bum up the stairs made my head spin. A shower was offered, and she joined me at the basin while we both washed our hands. A clean towel was laid out in the room for me, complete with a chocolate on top like they do in posh hotels. She was friendly and chatty and almost unconsciously began to show off her body in front of the mirror. This led naturally to the removal of the dress and we repaired to the bed.

By this time we had fallen into conversation and we spent the next 15 or 20 minutes talking. As it happened this suited me perfectly and I passed up the opportunities she offered to move onto the real event. Eventually we did of course. My old man wasn't really in the mood but her OWO was excellent with lots of eye contact. We tried sex without success (in spite of her valiant efforts) and finished with back scratching. The clock was eventually consulted, but it had not been watched.

Overall she is an interesting, pleasant, friendly, attractive and sexy woman, and I had a really lovely time.
