La maison typical parlour really its nothing special really bland decor but you dont go somewhere like this for the decor

### The Lady:

a very attractive girl which is what drew me to her. 5ft 6 as the website says petite body, tanned, small breasts pierced nipples, lips slightly blown up and nice ass

### The Story:

So i had not booked so turned up to be greeted by 3 girls available Victoria, Sasha and Serena. Went against my better judgement of a very attractive petite younger girl.

Got in the room typical have a shower be back in 5. Wasnt even finished drying off when she came in. Asked would i like a massage so yes why not. Then asked what am i after I opted for GFE she said yes thats okay (quickly found she doesnt offer this) told her its her 2nd shift so she is new and then strangely she asked to check my cock out as she wants to be safe when offering owo, fair enough i didnt mind i dont have anything and she is thinking of her safety however its the 1st time ive ever been asked that. She then say oh hun there are little bumps round the edge do you mind if i use condom, at this point i knew she is inexperienced these are glands that make up the tissue of the penis and completely normal. Anyways on with the hood and to be fair she gave amazing head. Quite soon in said to tell her when im ready to fuck her. Before this i wanted to taste her she was okay with this i asked her sit on my face she said okay but she has been gym doing leg day so might not last long, she didnt she asked me to lick her lying down, this didnt last long either she wanted to go straight to fucking so at that point i knew she was just rushing the service. I asked her go on top she got on and immediately went nope my legs so cN i go on top, i did then come the face sex noises and oh im cumming, tried putting hand on her neck slightly choke (oh my chest), tried kissing (oh i dont kiss) after within seconds omg ive cum. I asked her go on her knees for doggy (she put lube on clearly didnt cum) went at it from behind tried grabbing hair (dont pull my hair) i just wanted to finish at this point and because i can control when i cum fucked a bit hard and did. Got dressed paid and left.

Overall terrible experience she clearly didnt know what she was doing, hadnt done this before joining the parlour, doesnt know what gfe is. All looks with no substance. Should advertise what she doesnt do rather than does. Only redeeming factor is she can suck dick
