### The Premises:

The location couldn't be more central. It is in one of the newly built private tower blocks outside the station. It was, therefore, very clean and modern inside. The entry was by buzzer and it was very discreet.

### The Lady:

A mature Chinese lady probably mid to late 40s.

### The Story:

I ignored the suggestion she was Japanese. I think we've all seen through that little lie by now. I got exactly what I wanted. A nice firm massage in a decent room and a satisfying hand job to conclude. She had obvious signs of having given birth at some stage, but her breasts seemed quite firm. Maybe a boob job? I'll give her the benefit of the doubt and say they were natural and possibly a D cup. She had the trademark Chinese long nipples too.
