### The Premises:

Flat above shops on the high street. I was met at the door by the maid and taken to a bedroom on the same floor. Just had to wait a short while until April joined me and I was offered a drink too. The room was big and spacious with a mirror, fireplace and a sofa. I was told we may move to a different room. Standard fixtures and fittings with lots of space.

### The Lady:

Stunning and very thin. Pictures are accurate. She is gorgeous and very chatty too, I felt at ease with her and it made it feel like a good connection. She complimented me on my clothing too which was nice.

### The Story:

We agreed to stay in the big room, April told me she likes to fuck on a sofa and wanted me there. We started undressing and kissing with some tongue. She removed her strapped top to reveal her thin body and pert nipples which were already hard. When she had initially come into the room she'd then left to get her lube which she placed on the bedside table. I sat on the sofa with April straddled across me, we kissed and I played with her nipples before she said she wanted my cock. She moved to the side and took my trousers down before giving me a great blowjob. Lots of spitting, gagging and deep throating, she even had a tear in her eye as she gagged on me. April got up to get a condom so we could fuck and said "I'm so wet, I don't need the lube", she came back and straddled me as she guided my cock inside her. We stayed fucking like this and kissing passionately until April said she wanted to do doggy.

We moved to the bed and started fucking with me holding her hips. I couldn't help but watch us in the mirror, which initially April had forgotten about. She caught me looking and said we looked good, then she moved to get a better angle. All the time we fucked she also liked looking at my cock going in and out of her. We soon moved to a few new positions including cowgirl where she was squatting above me and then I held her up. I was so close to orgasm on a few occasions but April told me to save it and save it. Throughout she gave me lots of encouragement and some sexy talk. When I had her legs wrapped round my neck she exclaimed how deep I was inside her and then she came quite loudly as I also finished at the same time.

Afterwards we had a nice chat and a kiss before I left.
