The Story:

In Short: She is taking the piss

My sleep walk to self destruction continues. Me the eternal loser did it again. This time, its Brazilian. This time, though, I walked away. So not a defeat, a draw

I don't normally go for South Americans. I know some guys are obsessed with Brazilian. I think Michael Cain's wife is Brazilian. If the ultimate Londoner had the weak spot for big smile, big breasts, wide hips, tanned skin and black flowing hair, then who am I to shrug the off. well, in fact those attributes do very little for me. I don't go for South American look.

BUT this girl caught my eye. My type. Not ostensibly sexy and COME ON. Nice smile. Says she is a new arrival to UK.

But I refused to get carried away. There are many pitfalls for Latina. Often they hardly speak English. Their photos always look professional, I dont know why and photoshopped skillfully.

Probably this is a culture thing, but in Latin culture, if a woman is good looking then she knows it and its only fair men spend lots of money on her. she thinks she is entitled to it and no scruples ripping off men if so she wishes.

All comes done with texts. Not too far

This time I psychologically prepared myself. UNLESS she is absolutely the girl as she appears in

the photos, I would walk;

Opened the or was this woman later 20s much older and broader. I just managed to utter, oh er unn sorry.... Looking back, Im not sure if the woman was her or it was a case of B and S BS, ie a totally different woman but I had to make my mind up in a split second and I ran down the stairs and ran. and ran.

Have you ever walked? This wasn't my first but it is always unnerving and takes guts.and while u r sure she is running after you but you just want to run.

Should I have stayed to see what would she be like in bed? Naa I did it so many times and made a fool out of me. So many times.

No regret this time. Well doen me. So many WGs take a piss and think men are fool when they are horny, well they are actually,, just ATM machines. No South Americans for me as well as E.E.
