The Premises:

Discrete enough but hard to find based on postcode. Purposely misleading directions given so that they could view you approaching. Time lost to find the place may not be accounted for. Clean flat, with a decent sized bedroom. Other WGs are clearly present.

The Lady:

Exactly as in the pictures, even though they are a bit flattering imo. Very thin, facially attractive lady, but the stated age 21 is certainly bullocks. From a certain angle, she looks young and pretty but a close observation may tell you she is close to 30 that early 20s. Attitude: My impression of the lady of the lady is that she is a very seasoned WG. Not the most innocent, and humble GND type you'd expect. I won't say friendly but she general PR skills help her survive the industry.

The Story:

First, she tried to fool me. I was prepared for 30 min and her ad as well as comms confirmed £100 for 30 min. This is much more that I'd usually pay for a 30 min punt but based on her feedback elsewhere I made an expensive mistake to book her. Anyways, back to her trying to fool me, she said ' Baby it is only 1 hr with me.. no half hour'. I don't know who she though I was to believe that rubbish. Anyways we settled for 30 min and the session started with slightly distanced 'snogging' and very very light kissing. No smile whatsoever until now and her atrocious English made the interactions even more impossible. Just to add, I am a fit guy in 30s freshly showered (twice actually) and smartly dressed for teh 'occasion' as well and I doubt there were any hygiene issues at all.

Directed to bed after a while where she attempted to give an OW but I reminded her of OWO as teh comms confirmed. She seemed very reluctant so the OWO was very mild which did nothing to me tbh. After a while I requested 69 to which she obliged and in that position I was more active that her. I clearly noticed that she was simply stroking my balls and trying to wank rather than give an owo. She did not offer that until I broke off after a while.

Sex in mish and I came in the bag as the alarm (which she set for 20 min) went off. I still had 10 min left so decided to take a shower. Luna was straight on the phone. In and out 30 mins of which action was of about 15-20 min. When you pay much higher than what you usually pay, this kind of service is unexpected. She had absolutely no clear reason not to smile if her language skills were the reason for lack of 'click' with me.

My intuition says that she is more interested in money than the job itself. She is one of the WGs

who struggled to hold on to one fixed rate a while ago but seemed to have come down from 180 an hour to 150 when no business was possible at that rate.

Conclusion: My advice to fellow punter is that do not over rely on even the well reviewed WGs.

Make your judgement on the spot when you first interact with the lady rather than expect everything to flow as naturally as they are portrayed by the others.
