Louise is a bombshell. Exactly as her photos appear on the website.
She's quite cheeky, very dirty laugh and is up for a good time.

The Story:

I've been waiting a long time to see Louise, but she's only available Sunday's and the lockdown has been long, and I was hoping it was worth the wait.
I wasn't disappointed...

Louise welcomed me and kissed me before asking if I had any particular preferences.
We chatted and flirted a little as the clothes came off and got down to business.
Louise started off with some gentle kissing and stroking, moaning quietly which was a real turn on.
She moved slowly down, asking if I liked to be teased, and started licking my shaft, taking it into her mouth, but only using her tongue...
Slowly she increased the sucking and finally pushed it hard against the back of her throat, almost causing me to lose my load.
Sensing I needed a distraction, we switched to 69, and gave me her beautiful coochie to play with.

Briefly pausing to slip an overcoat on, Louise took control, and slid my throbbing cock inside her as she rode me. Lots of deep breathing from both of us to stop from exploding.
Having quickly found her rhythm, the moaning increased as the grinding increased.
Time for a quick switch, and she released control and laid back on the bed, me taking her ankles and pushing deep inside.
I could feel the release building again, so not long here before switching to doggy facing the mirror.
Just about managed to control myself long enough to tear off the jacket and shoot over her very pert nipples.

It's been a while, but it very worth the wait. I'll be back soon for a second visit.
