The Premises:

It was a flat in Edgware road, few blocks away from Marble Arch station. the flat was dark when I arrived, with only the bed room lit from bedside lamp. The bedroom was spacious, with a wide window giving you a beautiful view of the outside.

The Lady:

No lie the lady is one of the most beautiful Romanians I have seen, with a slim , slender figure, flat belly, and smooth skin. Hair to the shoulder, just like her photos. Her breasts size were as described, matching her body size, loose and not firm but cute.

The Story:

Last year I was looking to buy a new hair shaver as I lost my old one. I ended up experimenting with a Braun series 3 Pro skin 3040s from Amazon which spec wise, I expected to do well. It was very annoying to use, and took me half an hour to properly shave. My review was short and sweet "Regret buying so bad". That's my experience with my 2am punt with Eliza. Here it goes:

On my way to the flat, I was considering to request her to wear a silky Chemise but with only 30 minutes notice, I decided to just go with the flow in this occasion.

I arrived exactly at 2am and she opened the door straight away. I was welcomed, took my shoes off and was shown to the room. She was wearing all black bra, knickers, and the strap. Not a big fan of these intros. She struck me with her tan, dark Romanian beauty.

I was in a very good mood, Just showered and washed my teeth before I came. Took my time picking what to wear and so on, like I made effort to look my best and smell good.

She asked if I wanted anything to drink, I said water then I suggested if wine would be possible? She obliged. I thought this looked like a good start, I was looking forward to my time with her.

I am a GFE guy, so from the get go, when she moved away from kissing, I was like !!!!!!! Not fks btw, Just plain kissing was not on the menu. She kissed me like the way I kiss my sister, lasting a split second and made me feel guilty about it.

I am quite an attractive young guy btw, perfectly prepared for the occasion, very clean and hygienic, so this is just her service standard.

At this point I was already deflated. She was immature, and didn't feel like she was present with me mentally and does not really treat this like a job, Just taking her body for granted.

Her blowjob was ok, with the condom on, and had extra fee for Without. 69 is usually what I go for and it was really good with her, I really enjoyed her. Her body is enjoyable but as a mind that runs the body she is not there with me. movements were quite robotic tbh, she wasn't making any effort to synchronise or match me. I love missionary with her body type, but she was unresponsive. It's strange, it really made me feel like I was forcing her. Probably my worst missionary which would have been great body wise but she was quite awkward.

I was quite repeatedly annoyed with her that I got of the bed and wanted to leave, but I knew if i left it like we would both feel quite shit, so I persevered.

It's such a shame because she has everything going for her, body wise, and potential to make noises and have nice facial expressions, but she just wasn't having it.

I told her we are just people, and simply want to have a good time. I spent 20 minutes after my hour coaching her about the industry and how being a good actor might help her engage and make clients happy. I explained how much power she has to make customers happy and make all the money she needs, while enjoying her job more. I explained that acting is also part of the experience. She said later that she is not at her best recently, and that she appreciated the feedback, but what's the point after wasting my time this late at night. For someone that charges £200 an hour, It felt like theft.

Pros:

- The wine she served me at the start was amazing
- She has a beautiful body, but the mind that runs it, does not know what it's doing
