The Lady:

Very slim beautiful model type in early 20's, raven mid length hair and wonderful natural boobs, pointy nipples, tastiest & tightest pussy!

The Story:

Once into the bedroom with business out of the way, standing up she engaged in some friendly kissing which quickly turned into FK whilst down below she started a hand job. Continued this way for a while, then she started sliding down my body kissing and licking everywhere until she came down to OWO.

Great oral technique. Her tongue came in to its own and she was licking and flicking up and down my shaft – what a sight! seeing her lick, flick and suck from the well placed mirror. Had to ask her to stop so I didn't blow my load! Performed some oral on her tasty pussy. She seemed to really enjoy it as was getting quite wet.

For the main event, she slipped on the condom and went for mish and finished. A wonder girlfriend experience which I hope to repeat again.
