The Premises:

Clean building easy to find on the Main Street of Edgware Road. I originally copied the address incorrectly so it took me to a different part of Edgware Road. This is an easy mistake to make so make sure you search the building name first then check the postcode. I would have been late if it wasn't for the fact that I arrived early so had enough time to correct route. Her place was well lit which is just how I like it. Had separate showers for the gents, from the one she uses. Very clean.

The Lady:

Zoe is a Romanian Super model, that looks a lot Russian tbh, at least 5'10 or 5'11, slender build with toned belly and lovely smily eyes. Spoke fluent English, been in the game for 4 years so she is quite experienced.

The Story:

I fell in love the minute I heard her voice when I rang the door. Softly spoken, but with so much character and vibe. She was wearing this black silky dress that had Patel patterns on it, with strap laces, and red heels, matching her nail polish. The heels may have been from Christian Louboutin. Her hair is like the photos but was even more well done in person. I was stunned at the details of her face, the cheek bones, and her white teeth when she smiled. Everything about her spoke of aristocracy and charm, extremely bright and intelligent.

The sensation of my hand on her hips, with her silky dress, and her smily eyes was a great feeling. I inched forward to smell her and then she snatched a kiss on my lip, seeing how I excited I was she quickly messaged the agency to confirm my presence - I couldn't wait any longer.

She is the sort of lady that you really want to woo. I tried so hard, making all sorts of jokes to win her over, giving her compliments which seemed to work getting her wet.

We kissed for a minute standing before I undressed to my underwear and pushed her to the bed on her back which she seemed to love. The next 15 minutes was pure admiration, kissing her neck, arm, ear and sliding my hand between her long skinny legs which was so wet, a great thigh gap I may add. I kept cracking jokes, simply because I couldn't believe my luck being with her. Someone who otherwise would just be completely out of my league. I proceeded to take her dress off - the

feeling of my hand on her back is beauuutiful. I gently asked "if I may take your bra off my lady", smiling again with a nod, I put my hands on her back and she said to push them into each other revealing a beautiful protruding hard nipples. Her entire skin was smooth, all natural, just amazing. I asked my lady to open her legs for me, as my knee felt the wetness on her panties. I kissed her all over as she stroked her hand on my back which I loved. She laughed when I said "God is not really fair. He creates people like you, and then there is me!" Our intro romance was all laughter and jokes.

She is quite tall, so brought her legs closer and pulled her up to take her pants off, my eyes were transfixed at the texture of her fully shaved vagina and the well rounded bum she had. I spanked that bum every time I could it just felt great taking a handful of that perfect perfect ass. The way she moved in the bed, the spread of her legs is all another story of how God distributed beauty and wealth. I felt like being a philosopher in her presence.

Round 1, I lasted 5 minutes of sex lol. Her on top, the eye contact and the feeling of her lips, I am sorry I just couldn't cope. We 69ed and doggied for the second round but I didn't come.

One hour is really not enough with Zoe, she is very intelligent, so all aspects of the meal need time to fully digest this creature.
