The Premises:

A basic flat close to West Croydon rail and bus stations that I remembered visiting a while ago. It's nothing special but it is fit for purpose. No shower or other facilities were offered. It is lived in by the girls who work there.

The Lady:

Eva is the girl in the AW pictures. She is a fairly attractive Romanian in her early 20s with long blond hair and an incredibly thin waste. She has a few tattoos and both her nipples had large piercings when I visited. She was reasonably friendly but her English is poor.

The Story:

I phoned a different girl - Isabel - supposedly working from this premises for a short-notice booking on a Sunday evening. On arrival just a short time later I was told that she had gone home for the night. That should have set alarm bells ringing and I should have walked. But I was feeling horny so chose Eva after I'd had a quick read of her AW profile over another much less attractive girl who was also available.

After completing the paperwork we both got naked. Eva tried to put the johnny on almost immediately. Worse still, virtually everything was off limits. No kissing, no fingering, no pussy licking despite all of these being on her likes list. They weren't even available as extras. Nor did she like her hair, face or breasts being touched and sighed or moaned in annoyance at the slightest touch.

She didn't seem to mind her thighs being stroked which I did for several minutes and which did get her wet. Then she put the johnny on and gave me a decent BJ with good eye contact. This was the best part of the punt. After that we had sex in missionary before she grudgingly went on top. Eva was clock watching throughout and, with five minutes to go, I asked her to remove the condom and finished me off by hand which she did. The look of disgust on Eva's face when I came was unexpected and not something I have ever encountered before.

Overall this punt had more downside than upside with a girl who is in the wrong profession. Avoid.
