The Premises:

An equidistance from both Earl's Court, and High Street Kingston stations. Posh area, nice houses with expensive cars!

I would say the street is fairly quite and discrete.

The Lady:

Friedele is Petite, Blonde Russian beauty, looks a lot like her photos. Lovely Dark Blue eyes, but I didn't see them clearly with the lighting in her room, as her eyes should be enjoyed more as part of the experience. Sexy looking bum, active sexual Partner.

Strong presence, a lot of humility, and care. Girly, chatty, sexy, playful, provocative, open minded, for me at least she was comfortable being vulnerable about her emotions, and that made us really connect, felt like we knew each other for some time.

She spoke fluent English, and was engaging with any topic.

Greeted with a dark blue Cocktail dress with matching heels, and similar colour for the Lingerie. Her bum looked terrific peaking from the bottom of the steps as she was leading me to her Boudoir. I was intentionally wearing plastic gloves, just pretending to be Corona Conscious which was all part of the illusion I was creating to make myself look a certain way, besides the chic Suit I was wearing :XD

The Story:

I wanted to fuck her right there tbh, as we started to french kiss for few minutes, before I headed to the shower.

A lot of kissing in this session till my last second before leaving. Couldn't leave my hands and mouth off her, just delicious, and I found her to be likeable and easy to connect with.

She has not even touched my cock yet, and I was rock hard as she started planting kisses on it, and taking it deep in. I would have preferred a firmer grip, but I kept ushering to kiss her appetising lips.

I said, "Ok, I am ready to fuck you now", after a good foreplay; she replied: "I was waiting for you to say it".

This petite chick, has a way about her that encourages even the laid back punter to pound really hard at her pussy. I was shocked with my level of unprecedented activity. I loved pounding in all the positions. We spoon fucked for few minutes, while she sucked my fingers. Continued spooning her, but this time fondling her tits instead and biting her shoulders very erotically. I recommend you try this position with her, it's mint.

In mesh(I love this position with a slim Petite) My primal instincts really kicked in. Hard hard pounding, while I cupped her bottoms and kept her wrapped to me, my face buried in her blonde hair, mouthing different parts of her nick, absolutely delicious. Lots of dirty talk in Russian as I requested, and she obliged, with plenty of active kissing on the ridges of her lips to mouthing her Chin. I even had her mouth salivated at some point, with her eyes closed, really engaged. Again, responsive, and active.

I definitely was not expecting that level of engagement from her. She seemed more reserved in her photos, but a wild animal in reality!!

I face fucked her when she went down on me, and she said she preferred to take over, sprawled my hands behind my head in handcuff position(punishing me for the face fuck?), and started raping me hard ,while using her beautiful tongue on my face. Just brilliant.

She pleased her self, as I watched her, getting my self warmed up, then I dined at the inner sanctum. I wanted to be what's called "Cliterate". I was observing her responses as my intention was to give her an orgasm, but it was not to be; although, I could see genuine reactions when I made the right moves.

Finally in doggy, it happened. Positioned her self submissively and I took complete control like a motor bike handlebars. Mind you, this is usually not my favourite position, but with her arching technique, she was begging to get my love. The view of her arching as I penetrated is unforgettable. Reminded me of the other night with Mikel. With this position, I felt her to be tighter, and warmer, at this angel of insertion

Now as I felt I was Cumming, I asked her to turn around, and was a bad timing on my part to do CIM. With the delay to getting the cover off and so on meant missing the explosion :(none the less I was happy to pay the extra as a tip for the good service I received. Didn't swallow, instead, she snowballed it to me in the form of a kiss. I was indecisive to swallowing my own cum, then decided against it despite her reassuring comments that cum swallowing is healthy!

Although, my description of events may suggest a PSE, it didn't feel like that between us. It felt like a hyped GFE with eagerness to please.

I was wet after the shower with my towel wrapped on my waist. She loosened it and wrapped it on my back with a hug and kiss to dry the dripping water(Just Too much gfe at this point Aahh). That made me feel so warm and happy to top off the great night with such a happy ending :)
