Pics are photoshopped, attractive face, hair is like the pictures, But is not a size 8. A size 12 id say. Smelt nice, and was quite pretty

The Story:

Crap. she arrived on time, i could see she got out of a car from my window, driver waiting in there. Private number call, she asked instructions to get in I gave her. She smelt fresh, looked nice. Gave money. this is where it goes shit, no kissing, no stripping each others clothes of, Oral with a condom, Sex i had her in doggy and prone bone. Cummed. was expecting another round, she says she only has one condom, so just lay there for the next 30 mins, She got dressed and left. Won't use this agency again
