Details of Service Provider:

The Premises:

House on the corner of the road, must of been a mum as lots of kids toys outside. The house was cluttered and smelt of really wet dog which was off putting. The bed it's self was an expensive frame(tv in it) with the worst mattress i have ever lay on

The Lady:

The photos are a close resemblance of the girl however she does keep the lights very low in the bedroom, not sure if maybe she is showing her age now or something else going on. Meet me at the door in a white t shirt, dirty leggings, no shoes, no make up

The Story:

I don't normally review girls but I feel I have to warn people about her, don't be fooled by the high rating on AW these are for her cam shows not her meets. The service was shocking, not even a hi how are you doing first thing she said was money, she then went away for 5 mins came back in and started to do uncovered oral. I asked her to take her top of which she said she doesn't do that!

I said to her I'm ready to have sex with her which she chuckled me a Jonnie and said to me put that on I was thinking wow could this get any worse! But it did! She only does doggie while all the time keeping her top on! Now when I met her she was wearing leggings, a t shirt not dressed for the meet at all! She lacked any kind of effort what so ever! I got a smell of very stale fish from her behind was not a nice smell at all.

Her service was robotic to say the least and I couldn't finish due to her only doing one position. I have never had an experience like this before and I will not be seeing her again.

One final warning as I was leaving I seen her laptop on and the camera on, unsure if she was streaming what we were doing or using it as some kind of tool so please consider not meeting this woman.

All and all I was there 15 minutes and was a waste of both time and money.
