The Premises:

One of my favourite things about escort bookings is actually the Incall part. Nice flat, modern shower facilities, high ceiling room made you feel like you are in a queens chamber. Less than 5 minutes walk from Earl's Court station.

The Lady:

Leona looks after herself, well maintained body, looks like in her early thirties or late twenties. She had a small fragile body and she generated a lot of heat when we touched or cuddled, made me feel very warm. Slim, firm ass, with a C size cup. Her breasts felt like holding testicles in your hand, had no fat or firm shape; I found them to be very different and hence why I enjoyed the experience although not a long term preference.

The Story:

For some reason I went with the expectation that she had a submissive attitude; obviously from her photos I realised later that she is a domina! I considered dipping my toes in some light domination to see if I would like it but she told me I don't think it suits you, you more vanilla guy - she was correct.

I would have loved her to take more initiative in the session, perhaps that's the only downside, otherwise really friendly gal mature, very communicative and lovely warm Lucy down there :)

Kisses with tongue but you could tell is not her favourite thing, however she will engage lightly but wouldn't initiate necessarily.

Perhaps my favourite thing about her among many things is that if your communication skills are good she will reciprocate favourably. For instance, when I came inside her in mesh (which was blissss), I told her that I would have liked you to be more engaged like clasping your legs on my back. She was receptive and initiated it when we meshed again second round. Her Lucy is also one of the warmest I seen, and with a small body like hers you will find mesh to be very very blissful.

I booked her thinking she was a submissive, but she actually likes being a domina. She showed me her set of whiplash, and domino toys and shared some interesting stories which made me know for sure that this is not my thing lol.

Between the two rounds I asked her to sit between my legs, again good communication skills as we adjusted our positions until we both felt comfortable held her warmly and cuddled while fondling her breasts and chatting to her about various things. I really liked this mainly because of the blissful feeling of her warm body on me. I played with her hair a bit made it into a pony tail as we talked about dress sizes and her hair.

Really enjoyed this one for my birthday treat :)
