The Premises:

A semi-detached house not too far from Welling station. The bedroom was clean, but there wasn't a bed just a mattress.

The Lady:

A dark haired Romanian girl maybe late 20s. She was about a dress size 12 with large breasts, but a flabby stomach.

The Story:

Complete disaster! I really should learn from the bad experiences I've had in the past. I was astute enough to realise I was very unlikely to see the girl profiled, but I hoped she'd at least be friendly and accommodating. The cold weather didn't help because my hands were cold. I also made the classic mistake of letting the little head rule. It was a punt for the sake of punting.

There was zero foreplay to begin with. She was very abrupt and to make it worse she had loud music playing on her phone. She even asked if I wanted a 2 girl session. Great. 2 misery gutses to deal with. I simply wasn't aroused in the slightest and had to bring myself off to end the session. The only hint of decency was when I got off the mattress in a huff and she tried to appease me.

Another location I will avoid in future with the possible exception if an Asian girl works there.
