The Premises:

At the heart of Pimlico, 5 minutes away from Victoria station.

The Lady:

Very nice looking blonde polish women, 5'5 in height 55kg from the looks of it, decent shape not particularly skinny but looks fair and good shape.

Very friendly women greeted me with a kiss wearing all black dress, lingerie and same colour with her heels. I felt instantly at ease with her, looked after me really well, and quite gentle lady. Her breasts were smallish(b/c), but wonderfully firm and I enjoyed feasting on them as I salivated and rubbed her protruding soft nipples climaxing her.

The Story:

I have to say that this meeting was far better than I expected for the price I paid. 1 glorious hour full of passion and satanic treatment for [B]£100[/B]. I couldn't believe it when I saw her ad on adult work. I thought to myself there has to be a catch, what is it?

This was also my first booking through an independent from adult work, so as you can imagine, I was really worried if I would get mugged or if it was unsafe, after all I have no idea who she is.

I phoned her a week before when I was researching and exploring AW for the first time; her voice was sexy and calm so that got me eased in but only a week later I actually booked it in December.

She doesn't know me either so she must have also been unsure if I was a time waster so she asked me to reconfirm an hour before our time, and I did. When I sent the message she eagerly replied "See you soon Darling x cant wait x" that turned me on massively then I sent her Peach emojis with kisses.

This has to be one of the hottest sex sessions I have ever had. Even with a spasm post cumming in mesh, I continued to pound at her while she clasped her legs on me so enthusiastically for few minutes because it felt divine to be inside her. She is truly busty as per her profile, and very clearly enjoys sex so much. She kept saying "You are magical baby"; which wonderfully boosted my ego; just for that alone would have satisfied me.

I loved fingering her warm pussy while giving the OWO, I was on cloud 9 thru that. In a dim lighting as was the case in our meeting, her face looked perfect to me especially with an angel; very

symmetric, sparkly blue eyes, nice nose, and curvy enjoyable lips.

As it happens she delivers on my needs perfectly. Perfecting my GFE experience requires some dirty talk and active listening to my praise comments and responding accordingly - she gets excited with praise and really responds "You are just magical baby, your sex is good!" - more ego please even if it's bullshit lol.

I completely lost myself through her, I was no longer consciously thinking what to do, her full on engagement has no price really. When I came I asked my lady if she would like to cum now and she was very keen so delivered some of that datty. I am not always good at spotting when ladies fake orgasms but this time she climaxed really hard as I went from circling her clit, rimming and inserting inside her warm Pussy bending on the bed clutching my dark hair.

She listed humiliation as one of her services, however the furthest I gone with was light slaps on the face when I handcuffed her hands to the edge of the bed, nothing painful or degrading. I told her not to move her hands while I sucked on her nipples and slapped her every time she moved. I can tell you, she just loves the action, loves sex, and I loved her.

The ending she laid next to me touching my balls, me jacking off and had her lower lip inside my mouth for solid 2 minutes till time was up. I laid there for a bit so fatigued from the workout then she throw me a fresh towel and in for the shower.

I was sexually so fulfilled with her, that when I left I felt sexual liberation that will probably last me a whole week - if Robbie Margot walked in front of me I wouldn't care to look. I suppose we just clicked!
