### The Premises:

Easy access although opposite the tram stop so not really discreet.

### The Lady:

On first sight this was an attractive girl, tight body and perky tits although I doubt they are real but that's fine.

### The Story:

Well after being initially impressed with her looks I quickly realised she was either drunk or high on something.

Went for a BJ without which was OK, went on her a couple of minutes and then out of nowhere she said 'times up'... erm no we have been here 5 minutes to which the response was 'Oh'. At which point she gets on top of me and starts to have sex which was good... but hold on your forgetting to put a condom on... (to which she says 'don't tell anyone'). When on top she was actually very good and blew my load up inside her (ops)

Despite being a bit drunk and time watching (without being able to tell the time) she was a good fucking girl and had some good moved when she was on top.
