The Lady:

I was a little worried about how close Nicole would match her photos, but I need not have. She's actually better in person.

I appreciate you have to like that "enhanced" look, so it's not to everyone's taste, but

The Story:

I only ever write about the good sessions, who knows why someone was not to your liking or having a bad day, and this was one of my favourites!

Having seen Nicole's photos online, I'd tried to book previously, but no joy as she was always busy. After this encounter, I'm really not surprised.

Having arrived promptly, I was shown to a room, and got the paperwork out of the way quickly. Nicole started to dance as I got rid of the outer layer of clothes (it was bitterly cold out), and was soon helping me out with the last few items. She guided my hands to her very ample breasts and turned around to grind against me. Some light kissing and that amazing figure and the fella was ready to party double quick. Nicole got on the bed on all fours and continued to grind against me as I stood at the end of the bed. I stepped back and released the main attraction, and she hungrily took it in her mouth, licking up and down and taking a little more each time. She couldn't quite manage it all from this position, so encouraged me to join her on the bed. Crouched between my legs, she proceeded to stroke and suck my length with great skill. Sensing it was time, she reached for a jacket and slipped it on me, pausing for one more attempt to swallow the whole thing and just about managing it with some light gagging. I had to hold on to something to stop from busting right then!

Nicole decided she wanted to go on top first, and promptly mounted me. I'm not usually one for this, but she leant on my chest, kissed me and began to grind herself down, very quickly reaching climax and encouraging me to play with her fantastic boobs, which I had no problem with at all. She may have continued there for some time as I was mesmerised by her body and the noises she was making. she came a second time grinding herself on me before hopping off and asking me if I

wanted doggy or missionary. I selected the latter, and she lay back, grabbed me and pulled me deep inside, both of us moaning loudly. She was very wet by this point, and asked for it hard, which I have no problem with. I grabbed her legs and got about it, asking if she was ok with me exploding on her magnificent boobs (she nodded, English isn't her first language, so communication is challenging). It didn't take me long to reach the point of no return, and I did as advertised.

This never felt rushed and was very engaging. One of the best punts I've had at MKE and I'll definitely be back as it appears Nicole is hanging around there for a while. She's well worth a visit!
