The Premises:

Easily found ground floor flat near to the shopping centre. Buzzer wasn't working so, had to call the receptionist so I could be let in.

It's the same place they've been using for a while, smells a bit damp inside could do with some nice infusers or candles to freshen it up, but reasonably clean all the same.

The Lady:

This woman is stunning and would be exactly the type of lady I would approach in a bar or club and happily have on my arm at any time.

All of the previous descriptions are accurate, she is sexy, curvy in all the right places, I couldn't fault anything about her appearance and she was dressed in heels and a lovely one piece outfit.

Perfectly manicured toes and fingers, amazing hazel eyes and the softest, warmest skin you could ever wish for. Long straight black hair that flows down her perfect back and an 11/10 bum, oh my god absolute perfection!!!

The Story:

It's been a while since I've been intimate with anyone's due to this damned virus but boy was it worth the wait. I'm no spring chicken but this woman made me feel like I was on a date with a long lost lover from my teens. Her kiss is delicious, her touch makes you tingle and her delicate and womanly ways melt your insides. We kissed, we cuddled, she went down on me and gave me an amazing blow job, I went down on her and she tasted lovely, I perhaps should have spent a bit more time down there but I was so desperate to be inside her that it was on, with the raincoat and a close missionary fuck with lots of deep kissing, lip sucking, biting and looking in each other's eyes.

She was a bit ticklish to my touch at times and with 3 days stubble I probably wasn't the best punter of the day leaving her with a red raw chin but never the less I had a wonderful time. By the time I'd shot my bolt, I still had 30 minutes left, we lay naked holding each other, kissing, and talking, the whole time I was rock hard hoping for round 2, but sadly it never came.

I will be back I've seen a lot of girls over the years 250+ and a lot are meh.....going through the motions, without any real people skills or passion for what they do, Elizabeth is not one of them, she

is in my top 5 of all time and believe me that is a tough call because I rarely interact so well with a woman on the first meet, but I left with such a smile on my face, can't stop thinking about it and I cannot wait for our next meet. Santa has been good to me this year!!
